

Missouri Revised Statutes

Chapter 21 General Assembly Section 21.795

August 28, 1998

Joint Committee on Transportation Oversight, members, quorum--report, when, contents --meetings, examination of reports, records required to be submitted.

21.795. 1. There is established a permanent joint committee of the general assembly to be known as the "Joint Committee on Transportation Oversight" to be composed of seven members of the standing transportation committees of both the senate and the house of representatives and three nonvoting ex officio members. The senate members of the joint committee shall be appointed by the president pro tem of the senate and the house members shall be appointed by the speaker of the house of representatives. No major party shall be represented by more than four members from the house of representatives nor more than four members from the senate. The ex officio members shall be the state auditor, the director of the oversight division of the committee on legislative research, and the commissioner of the office of administration or the designee of such auditor, director or commissioner. The joint committee shall be chaired jointly by both chairs of the senate and house transportation committees. A majority of the committee shall constitute a quorum, but the concurrence of a majority of the members, other than the ex officio members, shall be required for the determination of any matter within the committee's duties.

2. The department of transportation shall submit a written report prior to November tenth of each year to the governor and every member of the senate and house of representatives which shall contain the following:

(1) A comprehensive financial report of all funds for the preceding state fiscal year which shall include a report by independent certified public accountants, selected by the commissioner of the office of administration, attesting that the financial statements present fairly the financial position of the department in conformity with generally accepted government accounting principles. This report shall include amounts of:

- (a) State revenues by sources, amounts of federal revenues by source;
- (b) Any other revenues available to the department by source;
- (c) Funds appropriated, the amount the department has budgeted and expended for the following: contracts, right-of-way purchases, preliminary and construction engineering, maintenance operations and administration;
- (d) Total state and federal revenue compared to the revenue estimate in the fifteen-year highway plan as adopted in 1992. All expenditures made by, or on behalf of, the department for personal services including fringe benefits, all categories of expense and equipment, real estate and capital

improvements shall be assigned to the categories listed in this subdivision in conformity with generally accepted government accounting principles;

(2) A detailed explanation of the methods or criteria employed to select construction projects, including a listing of any new or reprioritized projects not mentioned in a previous report, and an explanation as to how the new or reprioritized projects meet the selection methods or criteria;

(3) The proposed allocation and expenditure of moneys and the proposed work plan for the current fiscal year, at least the next four years, and for any period of time expressed in any public transportation plan approved by either the general assembly or by the voters of Missouri. This proposed allocation and expenditure of moneys shall include the amounts of proposed allocation and expenditure of moneys in each of the categories listed in subdivision (1) of this subsection;

(4) The amounts which were planned, estimated and expended for projects in the state highway and bridge construction program or any other projects relating to other modes of transportation in the preceding state fiscal year and amounts which have been planned, estimated or expended by project for construction work in progress;

(5) The current status as to completion, by project, of the fifteen- year road and bridge program adopted in 1992. The first written report submitted pursuant to this section shall include the original cost estimate, updated estimate and final completed cost by project. Each written report submitted thereafter shall include the cost estimate at the time the project was placed on the most recent five-year highway and bridge construction plan and the final completed cost by project;

(6) The reasons for cost increases or decreases exceeding five million dollars or ten percent relative to cost estimates and final completed costs for projects in the state highway and bridge construction program or any other projects relating to other modes of transportation completed in the preceding state fiscal year. Cost increases or decreases shall be determined by comparing the cost estimate at the time the project was placed on the most recent five-year highway and bridge construction plan and the final completed cost by project. The reasons shall include the amounts resulting from inflation, department-wide design changes, changes in project scope, federal mandates, or other factors;

(7) Specific recommendations for any statutory or regulatory changes necessary for the efficient and effective operation of the department;

(8) An accounting of the total amount of state, federal and earmarked federal highway funds expended in each district of the department of transportation; and

(9) Any further information specifically requested by the joint committee on transportation oversight.

3. Prior to December first of each year, the committee shall meet and call before its members, officials or employees of the state highways and transportation commission or department of transportation, as determined by the committee, for the sole purpose of receiving and examining the report required pursuant to subsection 2 of this section. The committee shall not have the

power to modify projects or priorities of the state highways and transportation commission or department of transportation. The committee may make recommendations to the state highways and transportation commission or the department of transportation. Disposition of those recommendations shall be reported by the commission or the department to the joint committee on transportation oversight.

4. The committee shall submit records of its meetings to the secretary of the senate and the chief clerk of the house of representatives in accordance with sections 610.020 and 610.023, RSMo.

(L. 1998 H.B. 1681 & 1342 and S.B. 883)
